Donation Guidelines

We DO NOT accept:

Due to new federal regulations we can no longer accept plumbing items that deliver potable water. Products subject to this law include: pipes, fittings, and fixtures that may provide water for human consumption (drinking, teeth brushing, food preparation). This restriction includes kitchen and bathroom sink faucets, and water heaters along with the plumbing fittings that lead to these items:

- Kitchen faucets
- Bathroom sink faucets
- Dishwashers
- Water heaters
- Furnaces
- Pipes and pipe fittings leading to these faucets/appliances

-
- **Household Electronics:** TV's, DVD players, VCR's, computer monitors/towers, keyboard/mouse, printers, faxes
 - **OPENED cans of paint,** or unopened paint which is not Low VOC
 - **Lumber, Railings, mantels, moldings**
 - **Sheetrock**
 - **Mattresses OR Box-Springs**
 - **Clothing**
 - **Vinyl Siding**
 - **Cribs**
 - **Swingsets or playground equipment**
 - **Pianos/Organs**
 - **Trampolines**
 - **Pools (above or below ground)**
 - **Garage Doors**
 - **Weapons**
 - **Hazardous Materials:** Hazardous is defined as anything that poses substantial or potential threats to public health or the environment. Any substance that is ignitable/flammable, reactive, corrosive or toxic can be deemed hazardous waste, including: pesticides, acids (e.g. battery, muriatic, boric), items that contain mercury (e.g. CFL bulbs), household cleaning products, fuels and oils.
